**The Institute is a non-profit making association based in Luxemburg.**

It is a melting-pot, gathering together major European players in the field of European law on civil liability, such as for example: associations for the assistance of victims, lawyers, law professors, national Green Card Bureaux, national insurance associations and reinsurers.

## OBJECTIVES OF THE INSTITUTE

The main objective of the IETL is to work for a better approach to problems experienced in the field of international road traffic law and a harmonisation of practices in all areas of law by:

- > Promoting the exchange of European know-how and practical experiences
- > Offering a platform for discussion at the highest level between main European stakeholders
- > Pursuing dialogue with European decision makers
- > Suggesting changes in the applicable law at European community level
- > Financing a grant for studies in the area of private international law
