The Institute is a non-profit making association based in Luxemburg

It is a melting-pot, gathering together major European players in the field of European law on civil liability, such as for example: associations for the assistance of victims, lawyers, law professors, national Green Card Bureaux, national insurance associations and reinsurers.

OBJECTIVES OF THE INSTITUTE

The main objective of the IETL is to work for a better approach to problems experienced in the field of international road traffic law and a harmonisation of practices in all areas of law by:

- Promoting the exchange of European know-how and practical experiences
- Offering a platform for discussion at the highest level between main European stakeholders
- Pursuing dialogue with European decision makers
- Suggesting changes in the applicable law at European community level
- Financing a grant for studies in the area of private international law
